

Avalanche Hazard Forecast - FOR PERIOD 18:00HRS Wed 10/01/2024 TO 18:00HRS Thu 11/01/2024

Hazard Level	Avalanche Probability
Very High	Natural and human triggered avalanches will occur. Numerous very large, often extremely large natural avalanches can be expected.
High	Natural and human triggered avalanches will occur. In some cases, numerous large, often very large sized natural avalanches can be expected.
Considerable	Natural and human triggered avalanches possible, in some cases large, in isolated cases very large sized natural avalanches are possible.
Moderate	Very large sized natural avalanches are unlikely. Human triggering possible in indicated steep places.
Low	Only small and medium sized natural avalanches are possible. Human triggering possible in steep, extreme terrain.

Forecast Weather Influences

It will be another dry day with North-Easterly winds easing through the day. Due to temperature inversion, the freezing level will be ill defined. However, temperatures will remain close to or below freezing at most levels above 500 metres.

Forecast Snow Stability and Avalanche Hazard

Little change is expected in the snowpack. It will remain firm, well bonded and generally stable. A few very shallow and isolated deposits of windslab will exist, mainly on North-West to North-East aspects above 1000 metres. The avalanche hazard will be Low

Observed Avalanche Hazard - Wed 10/01/2024

Observed Weather Influences

It was a dry but cloudy day. After an overnight frost temperatures remained below freezing at most levels. Winds were variable in direction.

Observed Snow Stability and Avalanche Hazard

The snowpack is firm, with a bit of crust in some locations. Stability is generally good. A few very shallow and isolated patches of windslab were observed on North-West to North-East aspects above 1000 metres. The avalanche hazard is Low.

Mountain Conditions

Observed Mountain Travel Conditions

Firm snow. Cloudy on the tops through the day. Winds approx 10 - 20 mph fresh.

Comments

Water ice making some path lines quite slippery.
