

Avalanche Hazard Forecast for Tuesday 20/03/2012

Avalanche Problems

Forecast Snow Stability & Avalanche Hazard

The next daily reports will be issued from Thursday 22 March to Saturday 24th March and weekends thereafter until 8th April. Mountain observation and snowpack information will also continue on these days in the five area blogs. We will continue to monitor the weather forecast situation and remain on standby in terms of offering a complete daily service.
