

**Avalanche Hazard Forecast - FOR PERIOD 18:00HRS Sun 18/03/2018 TO 18:00HRS Mon 19/03/2018**

| Hazard Level        | Avalanche Probability  |
|---------------------|--|
| <b>Very High</b>    | Natural and human triggered avalanches will occur. Numerous very large, often extremely large natural avalanches can be expected.            |
| <b>High</b>         | Natural and human triggered avalanches will occur. In some cases, numerous large, often very large sized natural avalanches can be expected. |
| <b>Considerable</b> | Natural and human triggered avalanches possible, in some cases large, in isolated cases very large sized natural avalanches are possible.    |
| <b>Moderate</b>     | Very large sized natural avalanches are unlikely. Human triggering possible in indicated steep places.                                       |
| <b>Low</b>          | Only small and medium sized natural avalanches are possible. Human triggering possible in steep, extreme terrain.                            |

**Forecast Weather Influences**

No precipitation is forecast. Strong East winds will ease and back East-North-East becoming moderate North-North-East by the end of the period. The freezing level will stay low rising to around 450 metres tomorrow afternoon.

**Forecast Snow Stability and Avalanche Hazard**

The snow pack which is mainly above 650 metres will remain firm and generally stable on all aspects. The avalanche hazard will be Low.

**Observed Avalanche Hazard - Sun 18/03/2018**

**Observed Weather Influences**

It has been a cold day with strong Easterly winds, there were some very light snow flurries leaving just a trace of snow on the summits.

**Observed Snow Stability and Avalanche Hazard**

The snow pack has remained firm and generally stable on all aspects. The avalanche hazard is Low.

**Mountain Conditions**

**Observed Mountain Travel Conditions**

Firm snow - ice on most aspects above 650 metres. Clear in the morning with some variable visibility on some higher summits later. Winds 25-35 mph feeling very cold.

**Comments**

Another fine day with firm snow, it felt very cold on wind exposed aspects.
